

has established and is effectively implementing tenant selection criteria in compliance with HUD requirements. HUD shall have complete discretion to approve completely, approve in part or deny any requested adjustment to projected average monthly dwelling rental income.

(2) *Procedure.* A request for an adjustment under this subsection shall be submitted to the HUD Field Office by a deadline established by HUD, which will be within twelve months following the PHA's fiscal year being adjusted. In emergency cases, however, where a PHA establishes to HUD's satisfaction that decreased rental income would result in a severe financial crisis, a request for adjustments may be submitted to HUD at an earlier time.

(e) *Energy conservation financing.* If HUD has approved an energy conservation contract under § 990.107(f)(2), then the PHA is eligible for additional operating subsidy each year of the contract to amortize the cost of the energy conservation measures under the contract, subject to a maximum annual limit equal to the cost savings for that year (and a maximum contract period of 12 years).

(1) Each year, the energy cost savings would be determined as follows:

(i) The consumption level that would have been expected if the energy conservation measure had not been undertaken would be adjusted for any change in utility rate and may be adjusted, subject to HUD approval, using a heating degree day adjustment for space heating utilities;

(ii) The actual cost of energy (of the type affected by the energy conservation measure) after implementation of the energy conservation measure would be subtracted from the expected energy cost, to produce the energy cost savings for the year. (See also paragraph (c)(2)(i) of this section for retention of consumption savings.)

(2) If the cost savings for any year during the contract period is less than the amount of operating subsidy to be made available under this paragraph (e) to pay for the energy conservation measure in that year, the deficiency will be offset against the PHA's operating subsidy eligibility for the PHA's next fiscal year.

(3) If energy cost savings are less than the amount necessary to meet amortization payments specified in a contract, the contract term may be extended (up to the 12-year limit) if HUD determines that the shortfall is the result of changed circumstances rather than a miscalculation or misrepresentation of projected energy savings by the contractor or PHA. The contract term may only be extended to accommodate payment to the contractor and associated direct costs.

(f) *Additional HUD-initiated adjustments.* Notwithstanding any other provisions of this subpart, HUD may at any time make an upward or downward adjustment in the amount of the PHA's operating subsidy as a result of data subsequently available to HUD which alters projections upon which the approved operating subsidy was based. Normally adjustments shall be made in total in the PHA fiscal year in which the needed adjustment is determined; however, if a downward adjustment would cause a severe financial hardship on the PHA, the HUD Field Office may establish a recovery schedule which represents the minimum number of years needed for repayment.

§ 990.111 Submission and approval of operating subsidy calculations and budgets.

(a) *Required documentation.* (1) Prior to the beginning of its fiscal year, the PHA shall prepare an operating budget in a manner prescribed by HUD. The Board of Commissioners shall review and approve the budget by resolution. Each fiscal year, the PHA shall submit to the HUD Field Office, in a time and manner prescribed by HUD, the approved board resolution and the required operating subsidy eligibility calculation forms. The PHA shall submit revised calculations in support of mandatory or other adjustments based on procedures prescribed by HUD.

(2) HUD may direct the PHA to submit its complete operating budget if the PHA has failed to achieve certain specified operating standards, or for other reasons which in HUD's determination threaten the PHA's future serviceability, efficiency, economy, or stability.

(b) *HUD operating budget review.* (1) The HUD Field Office will perform a detailed review on operating budgets that are subject to HUD review and approval. If the HUD Field Office finds that an operating budget is incomplete, includes illegal or ineligible expenditures, mathematical errors, errors in the application of accounting procedures, or is otherwise unacceptable, the HUD Field Office may at any time require the submission by the PHA of further information regarding an operating budget or operating budget revision.

(2) When the PHA no longer is operating in a manner that threatens the future serviceability, efficiency, economy, or stability of the housing it operates, HUD will notify the PHA that it no longer is required to submit an operating budget to HUD for review and approval.

§ 990.112 Payments procedure for operating subsidy under PFS.

(a) *General.* Subject to the availability of funds, payments of operating subsidy under PFS shall be made generally by electronic funds transfers, based on a schedule submitted by the PHA and approved by HUD, reflecting the PHA's projected cash needs. The schedule may provide for several payments per month. If a PHA has an unanticipated, immediate need for disbursement of approved operating subsidy, it may make an informal request to HUD to revise the approved schedule. (Requests by telephone are acceptable.)

(b) *Payments procedure.* In the event that the amount of operating subsidy has not been determined by HUD as of the beginning of a PHA's budget year under these PFS regulations, annual or monthly or quarterly payments of operating subsidy shall be made, as provided in paragraph (a) of this section, based upon the amount of the PHA's

operating subsidy for the previous budget year or such other amount as HUD may determine to be appropriate.

(c) *Availability of funds.* In the event that insufficient funds are available to make payments approvable under PFS for operating subsidy payable by HUD, HUD shall have complete discretion to revise, on a pro rata basis or other basis established by HUD, the amounts of operating subsidy to be paid to PHAs.

§ 990.113 Payments of operating subsidy conditioned upon reexamination of income of families in occupancy.

(a) *Policy.* The income of each family must be reexamined at least annually. PHAs must be in compliance with this reexamination requirement to be eligible to receive full operating subsidy payments.

(b) *PHAs in compliance with requirements.* Each submission of the original calculation of operating subsidy eligibility for a fiscal year shall be accompanied by a certification by the PHA that it is in compliance with the annual income reexamination requirements and that rents have been or will be adjusted in accordance with current HUD requirements.

(c) *PHAs not in compliance with requirements.* Any PHA not in compliance with annual income reexamination requirement at the time of Operating Budget submission shall furnish to the HUD Field Office a copy of the procedure it is using to attain compliance and a statement of the number of families that have undergone reexamination during the twelve months preceding the date of the Operating Budget submission, or the revision thereof. If, on the basis of such submission, or any other information, the Field Office Director determines that the PHA is not substantially in compliance with the annual income reexamination requirement, he or she shall withhold payments to which the PHA might otherwise be entitled under this part, equal to his or her estimate of the
